Subject: Maritime electric

Hi I feel with their stakeholder profits and it being our only option and the rising cost of everything in PEI we should not allow the increase. I currently pay 200 in summer and 600 plus per month in the winter (heat pumps) for my light bill which is very difficult for me with the rising costs of food and everything else. So if my concerns will be considered I say no. Plus I still pay \$100 a month for oil for hot water.

Thanks

Shawna
